## BOMBARDMENT IS CONTINUED

**Germans to Make a Supreme Effort to Drive Back the French Forces.**

(Special to The Herald)  
Paris, April 28.—Bombardment of the French positions at Verdun continued today. The communication issued by the war office today states, however, that no infantry attack was launched against the Meuse fortress. The apparent lull in the fighting at Verdun is regarded as a prelude to terrific assaults in which the Germans will make their supreme effort to drive back the French and force them to reform their lines to pivot on Toul. The French are fully prepared for the great assault.

## SOCIALISTS IN CONVENTION

Manchester, April 27.—The Socialist convention was held in this city yesterday afternoon at 10 o'clock on Elm street, there being 15 delegates present from 20 towns. Two general delegates were also in attendance, one from the Finnish League and the other from Maine.

In the course of the convention a platform was adopted and it was decided to demand of President Wilson that the American troops now operating in Mexico be immediately withdrawn. An action was taken condemning the use of military troops for strike duty.

The following officers were elected: President, Charles W. Green, Portsmouth; Vice President, John Wolf, Manchester; Secretary, Jack Shields, Manchester; Assistant Secretary, Fred J. Chase, Washington.

The following committees were also elected: Credentials, Fred Lewis, Manchester; Finance, Leonard, Concord; Frank Williams, Portsmouth; Press committee, Jack Shields, Manchester; Fred Irish, Math, Me. and Fred B. Chase, Washington.

Ways and Means committee—Mrs. Rose Martel, Manchester; George A. Reed, Franklin; and George Atwood, Keene.

Platform committee, Andrew Lenna, Milford; William Quinn, Dover, and Earl B. Young, Lacapin.

Committee on Resolutions, Frank B. Cary, Dover; A. S. Eaton, Keene, and Peter Henry, Berlin.

## SOLUTION IS REACHED

**One Which Is Expected to Prove Satisfactory in the Submarine Dispute.**

(Special to The Herald)  
Berlin, April 28.—Send official announcement was made today that a solution of the submarine warfare dispute with the United States that would prove satisfactory to both Germany and America had been reached. Its details are withheld in accordance with diplomatic courtesy until the German reply to the American note has been sent.

London, April 28.—A German dispatch to the Central News Agency says "it is reported here that a satisfactory formula has been found for a settlement of the submarine dispute with America."

## YORK MAN FOR CONGRESS

**Hon. John C. Stewart Files Papers in 19 Sections.**

Attorney John C. Stewart of York has entered the fight for congress and has filed papers for the First Maine district with the secretary of state. The papers are in 19 sections and bear the names of E. C. Frye of Orono and 18 others. E. C. Frye of Orono and 18 others, J. E. Chaboureaux of North Waterboro and 8 others, Elmer P. Staples of Hildesford and 27 others, William H. Douglas of York and 36 others, H. H. Grant of Acton and 44 others, Edgar Wentworth of Berwick and 39 others, John B. Lunt of West Kennebunkport and 42 others, William P. Fulmer of York and 18 others, F. H. Ellis of York and 18 others, H. H. Pringle of York and 69 others, Harold H. Bourne of Kennebunk and 19 others, Alfred R. Smith of Dayton and four others, Frederick A. Hobbs of Hildesford and 8 others, B. E. Newcomb of Hildesford and 3 others, Charles B. Cook of South Berwick and 10 others, C. A. Dyer of Hollis and 10 others, and George S. Atkinson of Saco and 13 others.

Most of the country roads are in a horrible condition.

## ATTEMPT TO SAVE LILLE

**British Troops Are Now Within Six Miles of the Great German Base.**

(Special to The Herald)  
London, April 28.—The German offensive against the British line over a front of 85 miles wide in which poison gas, heavy artillery and great masses of infantry were used, is regarded today by military critics as an attempt to save Lille from capture. Recent heavy losses of British troops in northern France are now explained. For four weeks the English have been steadily pressing against the German line near Lille, until they are now within six miles of the great German base. The salvation of Lille is necessary for the preservation of the present German front.

## STRIVING TO AROUSE PEOPLE

**Villa Sympathizers in Mexico Seek to Oppose Americans in That Country.**

(Special to The Herald)  
Advance Base, near San Antonio, April 28.—Reports reaching headquarters today that Villa sympathizers all along the Mexican Northwestern railroads are very active and are striving to arouse the people as a whole to unite and oppose the Americans.

Two trainloads of Carranza troops passed through San Antonio en route to Cuernavaca and Temascaltepec to reinforce the garrison there. Army officers believe it possible that the movement of the Carranza troops at this time is to quell the disturbances among the civil population caused by the Villa activities.

## A BRITISH BATTLESHIP SUNK BY MINE

**The Russell, Flagship of the Mediterranean Fleet, Goes Down With Loss of 124 Lives Out of Crew of 750 Men**

(Special to The Herald)  
London, April 28.—The 14,000-ton British battleship Russell, the flagship of the Mediterranean fleet, has been sunk in the Mediterranean by a mine with a loss of 124 lives out of a crew of 750 men. This was officially announced today by the Admiralty. The Russell was an old ship having been in commission for 15 years. The Admiralty stated that the sinking of the battleship occurred on Thursday. So violent was the explosion that a tremendous hole was torn in the hull of the ship below the water line and she immediately began to fill with water.

The battleship Russell, Capt. William Bowden Smith, and flying the flag of Admiral Fremantle, struck a mine in the Mediterranean on Thursday and sank. The admiral, Capt. Smith, 24 other officers and 676 men were saved. About 124 others are missing.

## YEGGMEN BUSY IN MAINE

**Blow Safe in Bowdoinham Postoffice, But Frightened Away From North Monmouth.**

(Special to The Herald)  
North Monmouth, Me., April 28.—Wearing night clothing and without a weapon, Postmaster William McKeechino early today put to flight three yeggmen who had entered the local postoffice. The robbers secured neither money nor stamps, according to the postmaster.

## MADE GALLANT RESCUE

**Nine-Year-Old Mary Gray Pulled From Sea at Rye Beach by Fishermen.**

Clinging to a small piece of wreckage, Miss Mary Gray, a tiny little nine-year-old girl, was rescued from what appeared to be a certain watery grave on New Hampshire's rocky coast at picturesque Rye Beach at 10.30 Thursday morning. Several fishermen happened to be close by when she was cast into the sea from the wrecked schooner, and with their aid she was hauled safely ashore, although bruised and battered.

## RAILROAD SWITCH TAMPED WITH

**Act Causes Derailment of Two Cars in B. & M. Yard.**

The local officials of the Boston & Maine are attempting to find out if possible who is responsible for a mischief done by a switch tamperer that caused the derailment of two freight cars in the Portland yard on Thursday. The switch was tampered with while a freight train was standing on the track. A report given circulation that the act was that of strikers but the Boston & Maine officials do not in any way connect the former employees with the offense.

## GERMAN SUBMARINE CAPTURED

(Special to The Herald)  
London, April 28.—The capture of a German submarine by British naval forces was announced today. The U-boat's crew of 18 men were made prisoners.

## RESIGNATION OF VON JAGOW

**Only a Question of Hours Before the German Foreign Minister Will Be Succeeded by Von Buelow.**

(Special to The Herald)  
Paris, April 28.—Paris dispatches from Geneva state that the Berlin Tages Zeitung announces that the resignation of Herr von Jagow, German foreign minister, is only a question of hours and that Prince von Buelow, former Imperial Chancellor, will succeed him. The dispatches also quote the Cologne Gazette as stating that a long and detailed report by Germany for the United States submarine note will be published on Sunday.

## SITUATION IMPROVED

(Special to The Herald)  
London, April 28.—Coming direct from the center of the Irish revolt, Dublin Travelers, who left Ireland last night, arrived in London today bringing word that the situation has improved. This coincides with the feeling that conditions in southern Ireland are much less serious than it was 48 hours ago. Those who arrived here today from the scene of the uprising told picturesque stories of the fighting in the streets between rebels and soldiers. It was evident that the rebels had counted on success by the suddenness of their attack. Many of the revolutionists have voluntarily given up.

## CHRISTIAN ENDEAVOR STATE CONVENTION

A delegation of nine persons from the Middle Street Baptist church of this city attended the State Christian Endeavor Convention at Derry on Thursday, making the trip by automobile. Miss Hazel Kotach of this city was elected state secretary. It was voted to hold the next meeting in this city on October 12, at the Middle Street Baptist church.

On the return trip, the auto party was obliged to make a detour of about ten miles on account of the Hampton mile bridge being closed for repairs. Although the bridge has been closed for some time while repairs are being made, the selection of the town was placed no guide signs warning the motorists that the bridge is impassable and therefore the party did not know the fact until they came to the bridge and then were obliged to return to Smithtown and then take the auto road.

## GRAFFORT CLUB PRESENTED FINE MUSICAL PROGRAM

VOCAL AND INSTRUMENTAL  
PROGRAM ENJOYED BY LARGE  
AUDIENCE ON WEDNESDAY  
AFTERNOON.

On Wednesday afternoon the music department of the Graffort Club entertained with a musical program including several excellent vocal and piano solo, double quartet numbers and vocal duets. The affair was well attended by lovers of music in the city and the afternoon proved a complete success. The vocal work was presented by female voices only and the program was varied and well selected.

The ladies comprising the double quartet were Miss Hartford, Miss Dondero, Miss Shields, Miss Woods, Mrs. Rugs, Mrs. Weeks, Mrs. Outwaite, Miss Newick with Miss Florence, O. Marshall officiating as director and accompanist.

Each of the numbers were presented in a finished manner and the applause of the audience called for many encores. Numbers which were especially well received included the piano duet by the Misses Widdien and Simpson; Miss Dondero's rendition of the aria "One Fine Day" from Madam Butterfly; Miss Montgomery's piano solo "April Morn" by Miss Hartford; "Perfect Day" by the quartet; and the duet by Miss Northwick and Mrs. Outwaite. The afternoon was in charge of Miss Marshall assisted by Miss Susan E. Northwick, who directed the singing and arranged the program.

## ROOSEVELT TO INSPECT NAVAL AUXILIARIES IN BOSTON TODAY

Four express cruisers that were built at Brit Bros. Shipyards for Boston men who intend to place them in the volunteer naval patrol squad, will be taken to the Charlestown navy yard today, where they will be inspected by Franklin D. Roosevelt, assistant secretary of the navy. He is taking charge of this auxiliary fleet and is planning to have it engage in maneuvers this summer.

Boats from Boston, New York and other cities along the coast will take part. The craft to be brought here today are 40-foot long, and have 150 horsepower engines that will develop a speed of 25 to 30 knots. In time of war these boats could be used for scouting and carrying dispatches, as well as patrol duty. They are to be registered by the government and inspected from time to time so that they may be ready for instant service.

## CARPENTERS START IMPROVEMENTS AT STAR ISLAND TODAY

FORCE OF MEN WILL BEGIN  
WORK OF GETTING ISLAND  
READY FOR CONVENTIONS  
TO TAKE PLACE THIS  
SUMMER

The work of getting Star Island ready for occupation by the Star Island Corporation for the coming season is already under way. A force of men are to start work today on several of the buildings under the direction of Everett N. McNabb. This work will include in re-shingling of the large hotel, several of the cottages and the tearing down of the so-called Cecilia cottage, one of the oldest on the island. This cottage is believed to have been standing for more than 150 years and its usefulness is gone.

On Wednesday and Thursday several engineers, under Mr. Cutler of Boston, were engaged in making a preliminary survey of the island for the landscape architects who are to plan the island for the location of proposed cottages. It is the present intention of the managers of the corporation to have the greater part of the new cottages built from stone which will be found on the island.

The building of the platforms to be used as steps for the tents to be erected this summer will be started at once and it will not be but a few weeks when the island will be ready for the coming of the first convention which is scheduled to take place the early part of July.

## ELIOT

Mr. and Mrs. Ansel Dixon, and daughter Evelyn, were recent visitors in Dover.

On account of the severe storm of Sunday there were no services at the Advent church.

The Easter concert at the Methodist church was postponed until Sunday evening, the 30th.

The continued wet weather is very discouraging to the farmers.

Striking Davis who has been unable to attend to his work as clerk in the Madox Company store, Portsmouth, owing to illness for several weeks, is now improving in health.

Chas. McKeever, a heavy yard employee, is suffering from an attack of heart poisoning.

Walter Langley, who is a member of the Boston and Maine bridge crew, had the misfortune to injure one of his fingers very badly a short time ago.

It is stated that a couple of our residents have just received generous sums of money under the will of the late Dr. Treadwell of Portsmouth, who died a few years ago.

Rev. Mr. Terry of Kennebunk, Me., expects to give a course of lectures, "Prophecy," in this town in the not far distant future.

Raymond Fenwick, R. F. D. mail carrier, has been off his route for several days on account of illness, this being the first time he has been off his route for several years ago.

Giles Fernald is sick at the home of his parents, Mr. and Mrs. George Fernald, Dr. Shippley of Kittery is in attendance.

Mrs. Walter C. Cole is in Manchester on a visit to relatives until Tuesday.

It is expected that Rev. Irving Barnes of Portsmouth will preach at the Advent church, next Sunday afternoon.

Frank Heavitt was operated on at the Portsmouth hospital on Tuesday for appendicitis. Wednesday his condition was favorable and his many friends hope for his complete and rapid recovery.

## FATIMA

20 for 15

his home in Portsmouth, from acute indigestion, on Monday morning, April 21, 1914, at the age of 71 years, 6 months and 7 days has brought deep sorrow to his surviving comrades, who will ever cherish his memory, as that of a good comrade, an efficient officer, a true patriot, and long a devoted worker for the best interests of the Post, and the Grand Army of the Republic.

Lorenzo T. Burnham, of Co. E, 29th Regiment, Maine Volunteer Infantry, was mustered into Service Post, May 25, 1882, almost thirty-four years ago. He has filled many offices, and was Commander of the Post for the year 1889.

He is one of the group of comrades of Service Post, No. 1, G. A. R., in the photograph taken by J. W. Newell, on May 30, 1914, in arranging for which and the accompanying record of the names and services of the comrades therein pictured he took great interest.

The pupils of the Whipple and Farragut schools will remember that Comrade Burnham was one of the members of Service Post who addressed them at the patriotic exercises held in these schools just before last Memorial day, and his presence and active part in the services of the coming Memorial season will be greatly missed, and his absence deeply mourned by all his comrades.

NEWSBOY LANDS EXCLUSIVE  
RIGHT TO SELL PAPERS  
ABOARD THE U. S. S. MON-  
TANA WHILE IN PORT

If ingenuity, foresight, "preparedness," the courage to take a chance at spending a little money in advance that will later show returns, count for success, then Portsmouth has one boy who is going to be a millionaire some day. This youngster started out yesterday afternoon from the waterfront with about three dozen newspapers, hired a motorboat for three dollars and headed for the U. S. S. Montana, anchored in the lower harbor. That he had but few papers and the entire lot he sold would bring but 35 cents, his spending \$3.00 for that boat hire looked like a foolish move to the other merchants of the daily news but there was more than method in the madness of this enterprising merchant. On his return he had 35 cents in return for his papers and in addition he had an order signed from the executive officer which grants him the exclusive right to board the ship while in this port for the sale of papers. No other paperboy will be permitted aboard.

## THE PLAIN TRUTH.

What More Can Portsmouth People Ask?

When well-known residents and highly-respected people of Portsmouth make such statements as the following, it must carry conviction to every reader:

Thomas Entwistle, a well-known Portsmouth citizen, residing at 14 Cabot St., says: "I had been troubled for a long time by my kidneys and had many symptoms of kidney complaint. When I saw Doan's Kidney Pills advertised in the Boston Herald, I bought a box and took them. I have never been so well since. I have recommended them to several of my friends and I know that they have proven of benefit to every case."

Mr. Entwistle gave the foregoing statement on May 10, 1913, and on October 21, 1913, he added: "I can always say a good word for Doan's Kidney Pills and I heartily back up my past recommendation. I have never had occasion to change my high opinion of them."

Price 50c, at all dealers. Don't get Doan's Kidney Pills the same that Mr. Entwistle has twice publicly recommended. Foster-McMillan Co., Props., Buffalo, N. Y.

# SHAKESPEARE TERCENTENARY OBSERVED AT STATE COLLEGE

Over One Hundred Students in Cast of Scenes of  
Poet's Plays and English Country Dances Last  
Evening

New Hampshire College, Durham, N. H., April 26.—The Shakespeare tercentenary was fittingly observed here when tonight an audience—many from out of town—crowded the big gymnasium, to witness a series of English country dances of 300 years ago. The dances were presented by the girls of the department of Home Economics and were passed around between the acts by them. It was made of honey, and eggs and spices and a hundred other things. Cakes like that, explains Elizabethan literature. After calling it the wonder is not that a Hamlet was written, but that there were not more of them.

The stage was arranged with 16th century simplicity, and the scenes were explained by large signs, rather than presented by scenery. The curtain rose first on Act three, Scene 1 of the "Comedy of Errors" in which E. W. Hardy of Concord took the part of "Augh" after Hugh Ashby Dromio of Ephesus.

Miss Eleanor Currier of Lockmere was a charming Katharine in the "Taming of the Shrew" and Miss Marion Chase of Seabrook won much applause as Puck in the first scene in the third act of the "Midsummer Night's Dream." Miss Mary Poland of Lebanon as Maria was also very effective in her scene with J. A. Sullivan of Dover (Sir Toby Belch) and H. C. Maine of Bridgeport, Conn. (Sir Andrew Aguecheek). Of the men perhaps the greatest triumph was that of E. L. Bell, of Plymouth who played a rollicking Falstaff in two scenes of Henry IV.

After the scenes and before the dances Miss Gladys Brown of Franklin sang "Orpheus" with his "Lute" from the opera "Henry VIII" of Sullivan and for the dances the college orchestra played Shakespearean music.

The dances were begun with a procession and closed with a recessional and between were a ribbon dance and

measures with such names as "Rufy-Tufy," "Oranges and Lemons" and the "Ace of Diamonds."

The women of the scenes and the dances provided their own costumes which were made under the direction of Miss Goldie Basch of Ashuelot and the Women's League of the college made the costumes for the men.

The dances were under the direction of Miss Elizabeth Rollins, physical instructor for women, and the scenes were arranged and staged by Prof. A. B. Richards of the department of English.

The scenes presented and those who took part follow:

## FIRE DESTROYS COOK HOUSE AT SAGAMORE GROVE

AUTO CHEMICAL AND CREW  
WORK FOR TWO HOURS TO  
PREVENT SPREAD OF  
FLAMES IN WOODS.

A still alarm at 9.25 on Thursday evening called the combination to a serious fire in the grove at Sagamore which completely destroyed the cook house on the property of Horace Grover. The flames spread rapidly through the brush and it took the greatest efforts on the part of the chemical crew to prevent the pavilion being burned. Several tanks of the chemical fluid were used on the blaze and the crew had a hard fight before the fire was completely extinguished. They returned to the city at 11.45.

## EASTER BALL WELL ATTENDED

DANCERS OUT IN FORCE AT  
FREEMAN'S HALL AT ANNUAL  
CONCERT AND BALL LAST  
EVENING

An Easter concert and ball under the management of William Dew, proved a big success on Wednesday evening when a hundred or more couples were present at Freeman's Hall. Marden's Orchestra of eight pieces, assisted by Gerald B. Whitman, under the direction of Mrs. Clara Wentworth Marden, rendered a short concert program from 8.00 to 8.50 which was well received. Following the concert, general dancing was enjoyed until midnight.

## SOCONY KERO-SCENES

Mrs. B.—"I see you've signed up."  
Mr. C.—"I don't get you."  
Mrs. B.—"Yes, you do, you got me when you signed up."  
Mr. C.—"Signed up?"  
Mrs. B.—"Yes, you've got up the SOCONY Kerosene Sign. What I mean is, I prefer to buy goods that are good enough to have a name. You sell SOCONY Kerosene. That's how you got me. Do you get me?"  
Mr. C.—(enthusiased) "Get you! I'll tell you what, Mrs. Button. I've been sell-

ing long enough to know that there is a difference in kerosene. Some burns clear and bright—some doesn't. Some smokes, some crusts the wick—some doesn't. Some is economical. Some isn't. But here's one thing to remember. The Standard Oil Company of New York isn't going to put its name—SOCONY—on a product unless it is the best. That name is too valuable."  
Mrs. B.—"I realize that. That's why I trade where I see the SOCONY Kerosene Sign. That's why I buy by name. Send up 5 gallons of SOCONY on the first trip in the morning."

## RIVERMOUTH DRAMATIC CLUB SCORES SUCCESS

The Portsmouth Theatre was filled with a pleased audience on Wednesday evening when the Rivermouth Dramatic Club presented, "A Regiment of Two," under the auspices of the Young Peoples Christian Union of the Universalist church. The drama was a distinct success and the evening was one of pleasure to those attending.

The story of the dramatic comedy followed the fortunes of a young man and his equally gay father-in-law, charter members of a club with the object of having the best time possible. In order to account for their time on the evenings they spent at the club the two men told their wives that they were members of the "Fighting 39th" regiment and their time was spent in the drill shed in preparation for war. This yarn got them by for a short time and would have continued to do so, but for the report in a newspaper giving an account of a stag party at the club and mentioning the names of the two "heroes" as members of the committee in charge of the affair.

The Regiments started in their homes but the two men again succeeded in having their wives believe in the "39th" by holding a plumber to swear that they were members of the regiment and purchasing two gold braided uniforms.

All went well until the call to the front with the opening of the trouble in Mexico; the real 39th was called and the two members of the "39th" had to go. Instead of reporting on the Mexican border the men went into the woods on a fishing trip of a month, which time was supposed to be required in service by the regiment. A short time after the papers reported the mobilization of the 39th regiment and the two grief-stricken wives went into mourning.

At the end of the month's fishing trip the "conquering heroes" unacquainted with the fate of their regiment, returned home much to the surprise of the weeping widows. When the story was told, together with the sending of resignations to the club, the "Regiment of Two" was disbanded.

Each of the members of the cast won additional laurels by their work, Irving and Walter Marston, as the two members of the regiment, and Miss Frances Squire and Mrs. Everett Seaver as the two wives were exceptionally fine.

The comedy was in three acts, all staged in the drawing room of the Seaver residence in New York. The play was well staged and the efforts of each of the characters to please were well received and heartily applauded.

AT THE COLONIAL

Nearly all of the patrons of the Colonial Theatre who attended the opening of the holiday bill of vaudeville and pictures Thursday, matinee and evening seemed to ask the same question after seeing the wonderful impersonation of Charlie Chaplin the feature of The Follies Frodo. Is it Chaplin himself or is it his double? Nevertheless this will be left for the patrons to decide before the last performance on Saturday evening. The title of the comedy surprise offering is "In the Park" taken from one of Chaplin's best comedy film successes and as it is seen in real live action it is undoubtedly a bigger scream than the picture representation. It such could be possible, the surprise of the members of the company who way out of the ordinary and built up in a wonderful manner the hill up to the act.

When it comes to getting laughs and

keeping an audience in a roar Ward & Curran, in the "Terrible Judge" are in the first line and every move that is made in this comedy offering brings a new smile to the faces of the spectators.

Joanette Marsh, as vaudeville's dainty singing comedienne will hold the title given her with a pleasing offering of original songs that she renders to perfection.

The new picture program that was offered included some very interesting subjects.

LEAD ORE DISCOVERED  
Huntsville, Ala., April 28.—Galena, or lead ore, has been discovered by Marshall county, Alabama, a few miles south of here. Eugene Smith, state geologist, has assayed specimens of \$0.6 lead ore and 13.4 sulphur. The ore is valued at \$100 a ton. Options have been taken on land where the ore is found and a mine is being opened.

CARD OF THANKS

## BUILDING SAVED BY STORES OPENED IN THE EVENING

FIRE IN THE "GLEBE BUILDING" WOULD HAVE RESULTED IN SERIOUS BLAZE HAD NONE BEEN AROUND TO MAKE DISCOVERY.

But for the fact that the stores of A. O. Benfield and Clark's Branch, in the Glebe building, were open on Wednesday evening, the entire building might have been destroyed by fire before it could have been discovered. The department, in answer to an alarm from box 53 made short work of the blaze and the damage to the building is very slight. The fire was confined to a small room used as a store room, for the late stock of Mr. Benfield and all the damage was confined to this property, the amount could not be stated by Mr. Benfield until he has had an opportunity to make an investigation. The room is located in the rear of Clark's Branch and is between the two stores, with a door communicating to Peter street. The cause of the fire is unknown as no fires have been lighted in the building below. The first floor since early morning.

Shortly before nine o'clock, Arthur Clark, at his work in the store, reported that he smelled smoke. The blaze was discovered and an alarm was put in from box 53. The fire had started to gain headway on the woodwork of the building, working its way up along the walls to the floors above. One stream from a hydrant and the stream from the chemical had the fire under control in a few minutes. The all-out was sounded thirty minutes after the alarm was sent in.

## Arbor Day.

Arbor Day is close at hand and the different states are preparing to observe it in accordance with custom and the proclamations of the chief executives which have recently been issued.

All know the meaning and significance of Arbor Day. It is a spring day set apart for the planting of trees and shrubs for the beautification of streets, school grounds, public parks and private premises, a work in which every loyal citizen should willingly and cheerfully share. It is a work in which the boys and girls can and do participate with profit to themselves and benefit to the community. The planting and care of trees and shrubs affords an interesting and profitable study, and every man, woman, boy and girl who takes part in the labors and pleasures of Arbor Day is the better for it, while as a result of their efforts the community as a whole is substantially benefited.

While the love of trees, shrubbery and flowers is well-nigh universal, there are many who do not fully realize the extent to which a community is benefited by a proper observance of Arbor Day. The combined work of the willing hands of old and young brings beauty to the barren places, and a few years of faithful attention to the duties of this day will add greatly to the beauty of any city or town.

This truth is fully appreciated by Governor Gates of Vermont, who admirably emphasizes it in the opening words of his Arbor Day proclamation. These are: "That we may advance more rapidly in the development of our natural resources, that we may grow stronger in our desire to assist nature in her beautifying process, that we may leave Vermont richer and more beautiful than we found her." In the course of his proclamation the governor sets forth in detail the advantages accruing from a proper observance of Arbor Day, as have the governors of other states.

It is to be hoped the day this year will be observed as it should be. The work called for involves no money expense worth mentioning. It calls for willing hands and enthusiastic co-operation on the part of young and old, and these should be forthcoming in generous measure. It is a community work for the community good, and to share therein should be regarded as a privilege. In the years to come there should be many living monuments to the spirit that actuated the people of the United States on Arbor Day, 1916.

The physical director of a New York Young Men's Christian Association says city young fellows have an advantage over those from the country in fitness for war, due to the habit of being out late nights, which would enable them to go on night sentry duty without worrying over the loss of sleep. For this reason he argues that the young man who dances all night is better fitted for army service than the one who goes to bed when the chickens go to roost. Many country boys will hope this fact, if fact it is, may be borne in mind by the authorities in case there comes a call to the trenches.

In a New England town the other day a man was fined \$100 for running away after being in an automobile collision. This is encouraging. It is apparent that the penalty for this dastardly act must be increased if the practice is to be stopped. The time for fooling with reckless automobilists has gone by and the courts must "pull the screws to them" if there is to be a semblance of safety on the public thoroughfares. And no class will be better pleased with this course than autoists interested in their own safety and the safety of others, and who handle their cars as they should.

Presidents are bound to have their troubles. President Wilson is severely criticised because of his foreign policy, and President Yuan Shi-Kai of China is equally under the harrow because of his domestic policy. Perhaps, after all, it is just as well not to be president, though this idea does not appear to be very prevalent in the United States just now.

The late Richard Harding Davis is said to have accumulated a quarter of a million through his literary labors. He began as a newspaperman and his achievement sets a fine mark for other beginners. But alas, how few of them will ever reach it. In the writing game many are called, but few are chosen to reach fame and fortune.

If it is true that Bacon wrote Shakespeare, as a Chicago judge decides, of what use is the study of history? No wonder that Governor McCall of Massachusetts suggests that a century hence some one may be able to prove that Edward Everett wrote Lincoln's speech at Gettysburg.

Missouri claims to produce annually 25,000,000 corn-cob pipes and tobacco enough to fill them. And this is one product that the rest of the country is willing to "be shown."

## SCOTTISH RITE BODIES MEET

Over 750 Masons Attend Fast Day Convocation at Nashua.

Nashua, April 27.—More than 750 Scottish Rite Masons of the Northern Masonic Jurisdiction, Valley of Nashua, attended the 52d annual Fast Day convocation held today at Masonic temple and the Colonial theatre. It is the most important Masonic gathering in the state and this year the convocation was marked for the significance and beauty of work, as many candidates took the degree.

At noon, luncheon was served at the Main street, M. E. church, with Mrs. George Davis in charge, to 340 of the Masons. Following the luncheon the members were taken in automobiles to the new Nashua Country club, where nearly two hours were enjoyed in looking over the improvements there. Between the working of the 27th degree this afternoon at the Colonial theatre and that of the 32d this evening, the annual banquet was served. There were 600 at the banquet at the Masonic banquet hall and 250 in the overflow banquet at the First Universalist church.

During the day, music was furnished by Carter's Consistory brass band of Boston and the Shubert quartet, Walter H. Lewis, organist.

At the Colonial theatre in the afternoon with complete ceremonial, the 27th degree Knight Commander of the Temple, was produced under the direction of First Lieut. Commander Walter G. Africa, assisted by the following:

### DISTRICT MEETING AT DOVER

A district meeting was held in Dover on Thursday for the districts of Dover and Portsmouth of the order of the Knights of Pythias. Delegates were present from Dover, Portsmouth, Somersworth, Exeter, New Castle, New Market, Rochester, North Hampton.

Two drinks were registered on the blotter at the station at midnight.

## CURRENT OPINION

Our Coast Defenses Are Equal to Those of Any Other Nation.

The coast fortifications of the United States are equal to those of any other country. An enemy might be able to put a force of four hundred thousand men on its ships, but never would be able to land that number on United States shores.

If five hundred thousand men were landed on either of our coasts and we were not able to raise enough men to drive them out I would want to move to another country. Overseas expeditions, such as we are told would succeed against the United States, are expensive and are, as a rule, disastrous.

If subjects were ordered by a European country to cross the water to America I believe they would refuse to come because of their fear of meeting a liberty loving nation of men defending their own homes.

These overseas expeditions spring from the minds of men writing about preparedness who know less about preparedness than anything else.

Conscription never will succeed in this country. This was demonstrated during the civil war, when draft riots broke out and active troops were withdrawn from Gettysburg to suppress Philadelphia riots because of the unpopularity of the idea.

The United States is daily manufacturing more war materials than any two nations abroad are using in the same time. The recent experience in the Dardanelles shows that guns aboard ships are no match for fortifications and submarines.—By General Nelson A. Miles, U. S. A., Retired.

### THE GOVERNOR'S VIEW

"Governor Capper of Kansas says:

"There are many business men who make money without advertising, but they are few and far between. 'You can't now, to yourself, name a live, go ahead town that has poor newspapers, a live town that does not have enterprising merchants."

"A live town is made up of live business men, and a live business man shows his liveliness by going after business."

And there is only one way of going after business. "You can't help yourself and help boost your city in any way more effective than by telling the world, through your local newspapers."

The firm of Thomas Butler & Son of Boston, who purchased the rails and wire of the Citizens Materials Railroad and later made a deal with the Roxbury Iron and Metal Company to take over the same, were notified today by the Roxbury firm that it had decided not to close the deal in which a price of \$8000 was given.

The Roxbury firm deposited at the time of the sale a check for \$1000 binding the sale.

John Yarwood, who represented the Butler firm in the purchase, stated today that the firm would proceed to remove all the junk in a few days, which he had to Boston and arrange the roadbed satisfactory to the officials of the town of Greenland and the city of Portsmouth.

## TWO SESSIONS YEARLY VOTED

Derry, April 27.—The fourth annual Fast Day convention of the Rockingham County Christian Endeavor union was held in the Derry Baptist church today. The convention opened with President H. S. Winslow of Salem in the chair, the praise and devotional service being led by Rev. Irving J. Bissell of the Derry Baptist church, which was followed with a welcome by Rev. E. Griffin of Derry. An address was given by Rev. Silas Adams of Chester on "Quality of Christian Endeavor." Rev. C. J. Armstrong of Salem gave a violin solo, with Miss Vera Webster of Salem as organ accompanist. The closing number of the forenoon program was an address by William C. Laidis of Laconia, state missionary of the American Sunday school union.

The afternoon program follows: Prayer service, Rev. Mr. Fiske of Salem; address, "Friendship," Rev. Charles Skinner of Candia; solo, Miss Priscilla Bartlett of Derry Village. The election of officers resulted as follows: President, Rev. H. S. Winslow; Vice president, R. C. Jones, Exeter; secretary, Hazel Kotzeb, Portsmouth; treasurer, Miss Marlon Westgate, Derry. It was voted to hold two conventions a year hereafter, on Fast Day and Columbus day, Oct. 12, the Fast Day convention to be in Derry and the October meeting to be held in Portsmouth.

### GUARANTEED CHICKS

It's not the number of chicks you hatch that count but the number that live. Careful mating of my breeding pens, the proper selection of eggs, a thorough knowledge of the art of incubation combined with all modern facilities in hatching have made possible the following:

"I guaranteed every chick to live and will replace all lost during the 'critical period'."

## NEW THEORY IN BOMB MYSTERY

Thought Possible That Makers Had Designs on N. H. Munition Shops.

Concord, April 27.—A new theory was being considered today in connection with the bomb found in Hopkinton yesterday afternoon by John Emerson of that town.

It is thought possible that the makers of the infernal machine may have had designs on the munition plant in Laconia, and may have been prevented from carrying out the plans by the appearance of the Boston detectives.

No clues of value as to the ones who abandoned the value with the bomb on the course of the Beech Hill Golf club, have been found.

Another theory that has been given attention is that the men may have been bound for Windsor, Vt., where there are also large munition plants. The place where it was found would be on a more direct route to Windsor than to Laconia, from Concord.

The beaches would have done a rushing business yesterday if the weather had been right. As it was many took advantage of the holiday to do a little work on their cottages at five.

## STATE MEETING HELD AT NASHUA

Fully 500 Knights of Columbus in Attendance at Gathering.

Nashua, April 27.—Nashua Lodge, Knights of Columbus, had a record gathering today, fully 500 Knights from various cities of the state being in attendance.

The gathering included most of the members of the Grand Council, who worked the third degree this afternoon.

O'Donnell hall, used as the order's headquarters in Boston block, was too small to accommodate the record number present.

During the afternoon the third degree was worked in full ceremonial form on 35 candidates for Nashua council. The work was beautifully exemplified.

A special solemn high mass was held at St. Patrick church at 10:30 o'clock. The members of the Nashua council and guests marching from the council hall to the church. Rev. Mortimer Twomey of South Boston, Mass., gave the special sermon in honor of the gathering.

Following the work of the afternoon, session a lunch was served at the city hall to the members and guests.

## DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Days we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which is not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphaide in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphate hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and refreshes the skin on the outside, so hot water and limestone phosphate action the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

# PRICE PLACED ON HEAD OF STILLSON MUDERER

City Offers Reward of 500.00 For Information That Will Bring Man or Men to Justice--Council Passes Resolution to Pay Cole and Cole over Mayor's Veto

On a resolution offered by Councilman Smart at Wednesday's meeting of the city council, following a communication from the Mayor calling attention to the fact that the offer of a reward might assist the police in getting needed information, it was unanimously voted to pay the sum of \$500.00 to the person offering information that will lead to the arrest and conviction of the person or persons who were responsible for the attack and killing of George W. Stillson on the night of April 20. The question of offering to appropriate any funds asked by the police department to be used for the hunting down of slugs was considered unnecessary, each of the members stating that they would appropriate what funds the police commissioners asked at a special meeting when called.

The passing of the resolution ordering the city to pay the bill of Cole and Cole, engineers, for their inspection of the Sherburne Pumping station, contracted by the Board of Public Works without authority from the council, was passed over the veto of the mayor by a vote of seven to two on motion offered by Councilman Smart. No discussion took place.

Those voting in favor of the resolution were Councilmen Berry, Northwick, Matthews, Hill, Paterson, Smart and Wood; Councilmen Raynes and Sullivan voting to sustain the veto.

The annual water bill for the year of 1916, drawn up and presented by the finance committee, was passed without opposition, the rules being suspended to allow the passing of the bill at this meeting.

Beyond these three measures the meeting was one of routine business only, and the night expected by many over the attempt to pass the so-called "Cole and Cole" resolution didn't materialize.

The meeting was called to order with all nine councilmen present and the records of the previous meeting were read and approved. The Mayor read the following message relating to his veto of the resolution passed at the last meeting ordering the bill of Cole and Cole against the Board of Public Works:

To the Honorable Members of the City Council, Portsmouth, N. H.:  
Gentlemen:  
I hereby veto resolution No. 14, entitled: "A Resolution for the Transfer of Funds in the Water Department."

passed by the city council April 6, 1916.  
My reasons are as follows: That the Board of Public Works contracted this bill without lawful authority. I refer you to the laws of 1905, chapter 21, section 29, and to the laws of 1907, chapter 240, section 12, which read as follows:

"If any officer, board or commission or member thereof, of said city, expending the board of police commissioners, having authority to make contracts or expend money in behalf of the city, shall by making any contract, purchasing any goods, or employing any labor, or otherwise undertake to make the city liable for any amount in excess of the funds available therefor from income or appropriation, said officer, board or commission or member thereof, shall be removed from office by the city council, after due hearing."  
"Annually before the first of February said board of public works shall submit to the city council estimates in detail, giving amounts required to maintain the water works, streets, highways, bridges, sidewalks, parks and playgrounds, and the city council shall make such appropriations as shall seem to them just and necessary, and no transfer therefrom shall be authorized except by the resolution of the city council, and said board shall not be authorized to expend any money in excess of funds available therefor, under penalty provided in Chap. 212, Sec. 29, Laws of 1905."

SAMUEL T. LADD, Mayor.  
The Board of Public Works presented a communication to the council asking for the appropriation of such sums as will enable them to carry out the recommendations of the engineers and to put the water system in proper condition. The communication was accepted and order placed on file on motion offered by Councilman Sullivan. The full request of the board follows: To the Honorable City Council, Portsmouth, N. H.:  
Gentlemen:

We wish to call to your attention our communication dated March 22, 1916, which was received by your honorable body on March 23rd, 1916. Included with the communication was the report of Cole & Cole, Engineers, dated March 16, 1916, covering necessary additions and changes with itemized estimates of cost of same which they state are necessary for the safety and economy of the Portsmouth water system. Last year's City Council was requested by this board to appropriate \$25,000.00 for these changes and additions. After a committee from the Council, with the board, had made an investigation at the pumping station and reported that the money should be appropriated, the Council voted that the Board of Public Works be requested to give the Council an estimate in detail on the cost of installing a new pump at Sherburne station at a lower level than the present pumps, making the necessary additions to buildings and connections with the system, etc. The board immediately engaged Cole & Cole to make these estimates and advise the kind of pump to be installed to give the best results at Sherburne station. The Council was notified at once of the board's action.

We would further call to your attention the fact that the Town of New Castle is to install water mains this year and that the Portsmouth Water Department will have to furnish the water which will be required for their system. Also the Norfolk & Boston Mfg. Co. is to build a paper manufacturing plant and will require a constant supply of soft water for their work. To comply with their request for water certain additions must be made to the Paverley system. These additions are all necessary for economy as stated in Cole & Cole's report.

Now, Gentlemen, the Board of Public Works have done all in their power to call your attention to the serious condition at the Sherburne station, and the necessary additions to the Paverley system, and again ask your honorable body to appropriate money to put the City Water Department on a safe and economical basis.

Furthermore, while the board have gone into this matter thoroughly with previous City Councils and have now submitted a report and statement of repairs etc. needed, with the itemized cost of same, prepared by a competent engineer, if there still remains any doubt in the mind of any member of the Council, the board would be pleased to make any further explanation of facts that may be required.

Respectfully yours,  
BOARD OF PUBLIC WORKS

J. W. Sugden, Clerk.  
Petitions presented to open the following streets were granted, the work to be done under the supervision of the Board of Public Works: Broad street, by C. E. Brown and others; Hanover street, by J. G. Sweetzer; Miller avenue, by William Quinn and others; High street, by Abram Grossman.

A petition was presented for a light to be placed on the corner of Bennett and Sparhawk streets and was referred to the committee on street lights on motion of Councilman Smart.

A petition from C. L. Highton and others for a brick sidewalk to be built on part of Sherburne avenue was referred to the Board of Public Works to report at the next meeting on motion of Councilman Smart.

A petition signed by Adelaide Thurston for a light to be placed at the corner of Court and Fleet streets was referred to the committee on street lights to report at the next meeting of Councilman Matthews.

# LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and No-body Will Know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50-cent bottle of Wyeth's Sage and Sulphur Compound, you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

street was referred to the committee on street lights to report, on motion offered by Councilman Northwick.

A communication to the council from the Rockingham Light and Power Company in reference to the placing of 18 additional street lights without additional cost to the city, was received. The communication stated that owing to the time passing since the signing of the new contract and that when the new lights will be in place has left a surplus of \$420.88 in unused power and this will be taken care of by the placing of the additional lights. They also stated that it would allow the continued burning of the four large lights on the fountain in Market Square for the remainder of the year. The light company recommended the placing of the additional lights in the eighteen places they considered would be the most benefited. On motion of Councilman Smart the communication was accepted and the recommendations adopted.

The matter of the new adding machine referred to the finance committee at the last meeting was reported and the committee reported that a new machine for the office of the auditor was needed. On motion of Councilman Hiett the report was accepted. On motion of Councilman Smart a resolution was passed to pay the sum of \$400 for a new adding machine.

On motion of Councilman Hiett the meeting voted to empower the Board of Public Works to see that the road from the Plains to the Greenland line was placed back in perfect condition by those removing the tracks of the car line between these two points.

The Water Bill.  
The following resolution was offered CITY OF PORTSMOUTH, N. H.:

In the Year One Thousand Nine Hundred and Sixteen.

A Resolution Making an Appropriation to Maintain the Water Works for the Year 1916.

Resolved, by the city council of the city of Portsmouth, N. H., assembled:

To maintain the water works for the year 1916 the sum of fifty-eight thousand, nine hundred and forty-three dollars, (\$58,943.00) is hereby appropriated.

Said sum shall be taken from the water rates and other sources of income of said water works and used exclusively for the purposes stated herein, and no transfer therefrom shall be made except by resolution of the city council, and no expenditure shall be made in excess of funds available, under penalty provided in chapter 212, section 29, laws of 1905.

On motion offered by Councilman Northwick the bill passed its several readings after suspension of the rules. On the roll call to pass the bill to be engrossed all nine councilmen voted in the affirmative.

A resolution to transfer \$1539.67 from the department of highways and bridges, \$1200. to the state highway department and \$339.67 to the department of Maintenance of Roads, in the appropriation for the Board of Public Works, was passed on motion offered by Councilman Northwick.

On motion of Councilman Sullivan a resolution was passed ordering the Board of Public Works to notify the Chief of the Fire Department of any obstructions occupying the streets. Bills to the amount of \$1163.55, approved by the auditor, were ordered paid on motion offered by Councilman Sullivan.

Salaries coming due for April, amounting to \$2931.64 were ordered paid, the mayor authorized to draw his warrant on motion of Councilman Northwick.

The bill of the Rockingham Light and Power company for the 21 poles for the new lighting system, amounting, with the cash discount, to \$730.52, was ordered paid, on motion offered by Councilman Smart.

William T. Call, representing the Portsmouth Lodge of Elks, presented a petition for the extension of the new lights to allow two to be placed in front of the Elks Home on Pleasant street, the lodge to pay for the poles and the cost of burning the two lower lights, the city to maintain the upper light. On motion of Councilman Matthews the matter was referred to the committee on street lights to confer with the lodge and report to the council at the next meeting.

On motions offered by Councilman Smart and Matthews, the meeting adjourned to Thursday evening, May 4.

# ENGINEER INDICTED FOR WRECK ON THE NEW HAVEN ROAD

MANSFIELD CHARGED WITH MANSLAUGHTER AS RESULT OF DISASTER AT BRADFORD, R. I.

Providence, R. I., April 27.—Charles H. Mansfield, engineer of the Gilt Edge Express of the New York, New Haven & Hartford railroad, which crashed in to a local train at Bradford, April 17, and caused the deaths of five passengers, today was indicted for manslaughter on two counts by a special grand jury at West Kingston, called to conduct an investigation into the wreck.

The court ordered a capias issued for the arrest of the engineer. The two indictments were returned after the jury had spent but thirty minutes in deliberation after the completion of the testimony. The indictments cover the deaths of Miss Janet Clarke of Westbury and Mrs. Oscar Martell of Southbridge, Mass.

# "TIZ" FOR SORE, TIRED FEET--AH!

"TIZ" is grand for aching, swollen, sweaty, calloused feet or corns.

Ah! what relief. No more tired feet; no more burning feet; no more swollen, hot, smelly, sweaty feet. No more soreness in corns, callouses, bunions. No matter what ails your feet or what under the sun you've tried without getting relief, just use "TIZ." "TIZ" is the only remedy that draws out all the poisonous exudations which puff up the feet. "TIZ" cures your foot trouble so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never ache, hurt or get sore and swollen. Think of it, no more foot misery, no more agony from corns, callouses or bunions. Get a 25 cent box at any drug store or department store and get instant relief. Wear smaller shoes. Just once try "TIZ." Get a whole year's foot comfort for only 25 cents. Think of it.

Don't use harsh physicks. The practice weakens the bowels, leads to chronic constipation. Get Dean's Regula. They operate daily. 25c at all stores.

# MASQUERADE PARTY UNDER AUSPICES OF REBEKAH LODGE

COSTUME DANCE HELD LAST EVENING IN PIERCE HALL WAS A DECIDED SUCCESS

A successful masquerade party, attended by more than seventy couples, was held Wednesday evening in Pierce Hall under the auspices of Union Rebekah Lodge, Number 3, I. O. O. F. The evening opened with a march led by Josiah M. Varrell and Mrs. Mary Klump, followed by more than forty couples in costume. After the march the remainder of the evening was given over to general dancing with a short intermission during which refreshments of ices and cakes were served by Andrew Jarvis.

The evening was in charge of this committee, Miss Florence Hersey, Miss Avis Varrell, Mrs. Jennie Varrell, Mrs. Mary Hersey, J. M. Varrell and George M. Hersey.

## LOCAL DASHES

Sunshine and April showers. Rain again and plenty of it. The Sunset League meets this evening. The situation in Ireland looks threatening.

Fish of all kinds at Clark's Branch, Tel. 133. The fire alarm certainly needs more tinkering.

Improvements at Star Island begin tomorrow.

Daniel street should be included in the "White Way".

Boston got a heavy snow storm today. Over an inch fell.

You might as well note in your diary that snow fell on April 23th.

Some thirty members of the Country Club enjoyed golf on Thursday.

The proposed improvements at the postoffice cannot come to soon.

The Edgley initiated nine candidates at their regular meeting on Wednesday.

Upholstering; hair mattresses renovated. Marrasone Bros. Tel. 870.

The boys of the U. S. S. Montana were mighty glad to get back to Portsmouth.

The Elks had an interesting session last evening, and initiated several candidates.

Lobsters and fish of all kinds caught by our own boats, fresh every day. E. Jamieson & Sons, Tel. 216.

The Y. M. C. A. players and some of the members of the Sunset League navy team had a little real practice yesterday.

The local public is certainly becoming discouraged over the failure to apprehend the man guilty of killing George Sullivan.

The Sunday train between Concord and Portsmouth will resume its trips on May 7. The train will leave this city for Concord at 7.36 p. m.

For the last week in April the weatherman has been passing out some pretty punk samples of spring. After a fairly good afternoon he did his best to bring a snow storm on the scene at midnight.

FOUND.—At the Colonial Theatre on Saturday evening gentleman's bill fold. Owner, Harry Harvono, by applying to the box office of the theatre and proving property. Call 12427.

A week has passed since the murder of George W. Sullivan, and although no arrest has been made Chief Hurley is not letting any grass grow under his feet in chasing up the vast amount of good and bad information coming to his attention.

## WILL TALK ON "INDIA"

Miss Berlin Creek of India will give a talk on "India, her people, her progress," at the Methodist vestry, Miller avenue, Tuesday evening, May 2, at 7.45. She is an interesting speaker and has had great experience in foreign mission work. During her stay here she will be the guest of Mrs. A. M. Gardner of Wilder street.

## LOCOMOTIVE WORKED BADLY

The locomotive of the 216 train from Wofford to Boston worked badly on the Irish arrival here today owing to a broken air pipe and a change of engines was necessary.

Miss Katherine Galvin of South Berwick and Miss Mary Driscoll of Boston passed the holiday in this city; the guests of Mr. and Mrs. John Crowley, Woodbury avenue.

## SOME SUGGESTIVE WORDS ABOUT WHAT TO WEAR-- WHEN TO WEAR IT--AND HOW TO MAKE IT IN THE MAY DELINEATOR

Now on sale at The D. F. Borthwick Store. Quaint and girlish designs 8397 and 8403 illustrate one of the most attractive types of draped frocks for evening wear.

THE LAST DAYS OF SCHOOL. Flounced frocks are especially becoming to the young girl, and design 8354 is particularly adapted to soft, dainty materials.

BEGINNING LESSONS IN DRESSMAKING. The use of the pattern—Take your pattern out of the envelope, unfold the pieces and spread them out. It will seem very simple to you after the complicated jig-saw puzzles of a few years ago. Each piece is numbered, and on the back of the pattern envelope you will find its picture clearly named, so that you'll know just what it is.

YOU AND YOUR NEEDLE. One of the great delights of sewing is that you can sew and give at the same time.

## SEND LETTER TO TRUSTEES OF HOSPITAL

Use of X-Ray Shall Be Free to Poor as Well as Medical Men.

Judge Calvin Page and Col. John H. Bartlett, executors in the will of the late Dr. Robert O. Treadwell, have sent the following letter to the trustees of the Portsmouth Hospital:

"To the Trustees of the Portsmouth Hospital:

"In the will of the late Dr. Robert O. Treadwell, of which we are executors is the following provision, namely:

"To the Portsmouth Cottage Hospital Five Thousand Dollars to be put to such uses and purposes as my executors shall designate."

"In pursuance of this duty and power we hereby designate that the said Five Thousand Dollars which we are ready to pay at any time shall be used as follows: To purchase an X-ray machine of the best type and quality with suitable and proper facilities for using the same; to devote a room to this purpose and to put a bronze tablet on the door thereof with suitable inscription, which we will provide; in recognition of the gift. Such portion of the fund as is not needed to install said machine shall be kept for future use in connection with the upkeep and maintenance of said machine."

"The use of this machine should be as free as possible to the poor people of Portsmouth and vicinity. It was the intention of Dr. Treadwell as well as our own desire in pursuance of our trust to make this not only a benefit to medical science in this vicinity but a blessing to the poor who are unable to bear the expense of going to the larger cities for treatment."

Respectfully submitted,

CALVIN PAGE, JOHN H. BARTLETT, Executors.

Portsmouth, N. H., April 27, 1916.

## SHULTZ-BUCKLEY.

Popular Young Couple United in Matrimony on Thursday.

The Church of the Immaculate Conception was the scene of a very pretty wedding on Thursday morning at 9 o'clock when Miss Helen Frances Buckley, daughter of Mr. and Mrs. Timothy Buckley became the bride of Frederick Schultz. The ceremony was performed by Rev. D. Alex. Sullivan, D. D., and a quartet from the regular choir rendered the musical portion of the high mass.

The bride wore a pretty dress of white, pique, with a veil of white, and a bouquet of roses.

She was attended by her sister Miss Mary Buckley who wore pale blue crepe de chine, leghorn hat trimmed with blue and white ribbons.

The best man was William J. Ryan. Immediately following the ceremony a reception was held at the home of the bride, 21 Columbia Court, where there was an outpouring of congratulations extended to the popular couple and a display of many beautiful wedding gifts. The home was adorned with many cut flowers and potted plants.

A banquet was served consisting of chicken salad, rolls, olives, tea cream, imported cake and coffee.

In the exchange of gifts, the groom presented the bride with a handsome containing \$25 in gold. The bride gave the groom a gold pocket knife and chain. The best man was presented with gold cuff links by the groom and the bride's gift to the bridegroom was a Rosary.

The honeymoon will be passed in New York. The bride's travelling gown was a blue serge suit, georgette crepe waist, blue hat.

On their return, Mr. and Mrs. Schultz will reside at 21 Columbia Court.

Among the out of town guests attending the wedding were Mr. and Mrs. Clyde Hedger, Mr. and Mrs. Oscar Schultz of Greenfield, Iowa; Mr. and Mrs. Thomas McCoy of Whitehall, N. Y.; Joseph O'Leary, Miss Annie O'Leary of Boston; Mr. and Mrs. A. J. Nulty of Astoria, N. Y.

Commander James S. Carrigan presented to the department a new and beautiful silk colors.

## THE HERALD HEARS

That one of the police department states he is not to engage in the underdrinking business.

That his friends have got the wrong dope on it.

That the U. S. A. O. cleared \$150 on more on the minstrel show of Monday night.

That a large number of Boston mechanics are employed at Hampton Beach at present.

That the Boston and Maine detectives are still doing duty in and about the Portsmouth yard.

That the residents and business houses of Daniel street hope they will not be compelled to suffer again this year with the dust on the highway.

That the weather man is favoring them to a great extent at present.

That the \$500 reward ought to start something.

That a naval officer, shortly to leave this city, is due for a surprise.

## RESOLUTIONS.

Resolutions adopted by Winfield Scott Schley Camp, No. 4, Department of New Hampshire, United Spanish War Veterans, at the regular meeting, April 28, 1916:

"Whereas it has pleased the Almighty God, in His infinite wisdom, to take from our midst our true friend and comrade, Lorenzo T. Burnham, and whereas in life he was always an upright and devoted comrade, and a good citizen, therefore be it

Resolved, that we, the members of Winfield Scott Schley Camp, No. 4, Department of New Hampshire, United Spanish War Veterans, sincerely mourn his death, and in memory will cherish his virtues and the kindly feelings he bore toward all, and in sacred memory thereof, the Charter of this Camp shall be draped in mourning for a period of three months.

May he rest in peace!

BILLIE BURKE IN

"PEGGY"

It is with great pleasure and no little pride that the management of the Olympia announces to their patrons the coming of "The Idol of the American Theatregoing public," Miss Billie Burke, in the wonderful Triangle play in seven parts, "Peggy." This is Miss Burke's initial appearance on the screen, and in this great place she proves to her many admirers that she is an artist as well in the silent drama as she is in the legitimate stage. Practically every theatre which has shown this splendid photo-play has been unable to accommodate the crowds who have wished to see it, therefore we would like to ask all those who can attend the matinees on next Monday and Tuesday to do so. Evening shows will start at 8.30.

We are "strong" on fifteen-dollar suits. In suits for young fellows we show some big values in smart styled models and goods; suits made by tailors whose specialty is "clothes for young men." The jackets of these suits have the stylish narrow shoulder effect, soft roll front, patch pockets and are shaped in the form. The trousers are rather snug fitting so as to harmonize with the "slim" effect of the jacket. Big values also in the men's lines and a big variety to select from.

## Henry Peyser & Son

"Setting the Tones of the Period."

## The Sign of Art is Often the Frame

The picture acquires much of its beauty and worth from the framing. We know how to do the work in the best way. Twenty-five years' experience has taught us many things.

Our picture framing is our pride. There is no reason why anyone should have a badly framed picture while we are in the business.
